

NURSERY AUTUMN 2022 THEME: All About Me

In Nursery we will be learning about our families, ourselves, and talking about our home life and what we like to do. We will be exploring our theme using the book 'Owl Babies' which the children can relate to. Stories help us understand ourselves and others. This will give children the opportunity to develop their speaking and listening skills which is one of our main areas of learning throughout Nursery.

Learning in our in Nursery is focused through engaging and enriched stories. Children will be introduced to exciting characters from stories. We also have a big focus on numbers in nursery. We are learning our numbers and counting singing a range of number songs, e.g. 12345 once I caught a fish....

We love mark making! Children are encouraged to create marks and to give meaning to their marks. Keep writing your names in the morning as a Nursery task!
