Thought of the week

Great things come from hard work and perseverance. No excuses." (Kobe Bryant)

Message from the Headteacher:

Dear Parents/Carers,

It's been a very focused week with our Year 6 children sitting the SATs papers in school this week. Well done to the children and to YOU in helping to support their positive and mature approach to both the preparation and sitting of their SAT papers. I wish them the best of luck in their results as do the whole Cranbrook Team, and we are incredibly proud of them!

While we believe that achieving good results is important, I also want to take the time to remind all our students that it's the effort you put in that counts not the end result.

Our children are talented in so many different ways and never cease to fill me with wonder and awe! We have budding scientists, artists and inventors, medics and musicians, historians, explorers, and philanthropists, entrepreneurs, sporting champions and hopefully some inspiring teachers too! It is so exciting for us to be a part of their journey to becoming amazing individuals. Our children excel in different things at different times so please remind them to always focus on putting in their best effort to all they do and value their unique talents.

Tell them:

"You do you, in the best way you can!"

Well done and keep on shining Cranbrook Kids!

EYFS parents: Thank you for your support in the safety measures we are implementing during drop off and pick up times. They have been very valuable in improving the safety for our children. We appreciate the Pavilion Car park restrictions and the EYFS gate closure have required changes to routines and times so we really appreciate your support and understanding.

Looking after your Mental Health by doing Exercise

Even the thought of starting "exercise" can be off-putting to many people and that's why we're focusing on movement to make you feel good. At a very basic level, physical activity means any movement of your body that uses your muscles and expends energy. One of the great things about moving more is that there are possibilities to suit almost everyone.

Benefits of movement for mental health range from improved mood, reduced anxiety, lowered inflammation and stress, improved memory and concentration, increased confidence, improved sleep and even increased social connectedness.

Often dubbed the 'miracle cure', movement is also one of the few proven routes to prevent poor mental health. A study of over one million Americans on the association between physical and mental health found regular movers reported 12-23% lower levels of mental health problems than sedentary participants when matched for gender, income, and other factors.

If you are just starting out, have caring responsibilities, or work long hours, it's important to remember that even short bursts of movement are beneficial. As little as **15 minutes of movement a day has been shown to positively impact mental health** (although the more often we move, the bigger the benefit).

So let's get moving and aim for at least 15 minutes a day!

Rights Respecting:

Article 21 - This article states that when a child is adopted their interests should come first. This means people should listen to what the child wants and take this into consideration. We have learnt about this right in assemblies where we focus on different articles from time to time.

Aisha Rehman 5G

It is important that all parents, adults and children know the rights of a child. They should be followed always. They protect children from danger. By learning and following the rights of a child, we ensure we protect children and give them freedoms to express themselves.

Well done everyone!

VISITORS CODE OF CONDUCT:

We expect visitors to:

- Understand that both teachers and parents/carers need to work together for the benefit of their children.
- Demonstrate that all members of the school community should be treated with respect and therefore set a good example in their own speech and behaviour.
- Be professional and respectful at all times in their conduct and communication.
- Seek to clarify a child's version of events with the school's view in order to bring about a peaceful solution to any issue.
- Correct their own child's behaviour, especially in public, where it could otherwise lead to conflict, aggressive or unsafe behaviour.
- Approach the school to help resolve any issues of concern.
